### DONS ARE IN A TIGHT FIX

Armada in a Mesh Between Sampson and Schley.

MUST EITHER FIGHT OR BEAT IN GLORIOUS RETREAT.

Washington, May 17—Special—The Spanish fleet must either fight or surrender. The probabilities are that it will do both. It has got itself into a trap, and is today menaced by a cross-fire from the fleets of Sampson and Schley, reinforced by the battleship Oregon and her consorts.

Sampson now holds the Windward Passage, and the Spanish ships cannot pass him without encountering a storm of iron hail from his guns; Schley is believed to have gone around the westerly end of Cuba, while the Oregon and her consorts are coming from the south ready to open fire at the first opportunity. Admiral Cerveria is thus "between the devil and the deep sea."

Sampson's movements have been guided by a thorough knowledge of the fact that Spain's armada was enmeshing itself in a net from which it could never extricate itself without suffering vital injury. Now that the trap is full he is ready to take such steps as will result in the extermination of his prey. The inevitable fight is not forty-eight hours off.

### Must be Taken with Salt.

Havana, May 17—Special—It is reported that an American vessel engaged in removing torpedoes at Cabanas has been blown up, and the entire crew perished.

Havana, May 17—Special—The report of the blowing up of an American vessel engaged in removing torpedoes at Cabanas is confirmed by later dispatches, which say seventeen lives were lost.

Key West, May 17—Special—No word has reached here of a disaster to an American vessel off Cardenas. The Wilmington arrived this morning and reports that it sank a Spanish direct yesterday. Her officers believe the story about the blowing up of an American ship grew out of this incident.

### Again Lost to Sight.

Washington, May 17—Special—Spain's elusive Cape Verde fleet is again sailing in the sea of obscurity. The navy department believes the fleet has sailed for the Gulf of Venezuela, there to meet colliers and take on coal. The fleet, it is thought, will then move on Cuba and attempt to raise the blockade. It is confidently expected, however, that the combined squadrons of Schley and Sampson will head off this move.

### Schley Reinforced.

Washington, May 17—Special—News has been received that the cruisers Minneapolis and St. Paul have joined Commodore Schley's fleet, thus adding materially to its strength. Although naval officers refuse to affirm or deny the statement, it is believed here that the squadron will pass around the west end of Cuba and form a junction with Sampson near the Windward Channel, arriving there some time Wednesday.

### Its Whereabouts a Mystery.

Washington, May 17—Special—Nothing to indicate the whereabouts of the Spanish fleet or its destination has been received here today, and the state and navy departments have no means of ascertaining their location. A dispatch was received today saying that the last of the enemy's ships left Curacao last night. Confidence is expressed that the fleet will be located very shortly.

### Waiting for the Oregon.

New York, May 17—Special—Dispatches from the island of Santa Lucia, a British possession south of Martinique, report a large warship lying off the west coast of the island. Other warships were sighted north of Santa Lucia. The belief there is that they are Spanish warships waiting for the Oregon.

### Ammunition for Gomez.

Tampa, May 17—Special—Effort may again be made to land the Gussie with a cargo of ammunition for Gomez.

COMMANDER WASHBURN MAYNARD, U. S. N.

While in command of the gunboat Nashville this officer gave orders for the firing of the first gun in the war with Spain, which led to the capture of the Spanish ship Buena Ventura. Commander Maynard is considered one of the boldest officers in the navy. He is 45 years of age, and has had a wide experience in the service.

### ALL THE NEWS OF THE BADGER STATE

#### STRIKE OF WOODWORKERS AT OSHKOSH NOW ON.

Seven Factories Are Affected and Running with Reduced Forces—Fond du Lac Teachers' Salaries Reduced—Thirty-Third Regimental Reunion—Tanners on a Strike.

Oshkosh, Wis., May 17—The strike of woodworkers, that has been anticipated for some weeks, is on. A member of the State Board of Arbitration estimates the number of men out at 1,500. The seven extensive sash and blind factories are thus far the only concerns affected and are all running today, although with greatly depleted forces, probably one-fourth or less of the usual crews, being men who have not affiliated with the unions.

R. O. Jeardeau and Thomas Waddell of Milwaukee, and R. H. Edwards, of this city, members of the State Board of Arbitration, have been working on the case since Saturday evening, but so far have accomplished nothing toward a settlement. The factory owners, the board says, are willing to treat with their own employees, regarding question of wages, but do not want to treat with the committee from the unions. One of the most prominent of the manufacturers today said that the demands of the men could not be conceded.

The seven factories affected are as follows: Paine Lumber company, R. McMillen company, Morgan company, Radford Bros. & Co., Williamson & Libbey company, Foster Hoffman company and the Gould company.

#### TEACHERS' SALARIES REDUCED.

Fond du Lac Pedagogues Must Work For Less Pay Than Formerly.

Fond du Lac, Wis., May 17—The board of school commissioners of Fond du Lac followed out the direction of the city administration at a special meeting Saturday night by making a sweeping reduction in teachers' salaries for the coming year. The cut will amount to \$2,585. They also decided to disburse with the supervisor of drawing, supervisor of kindergarten work, music teacher, and one assistant in the high schools. The salaries of the teachers in the grades were not disturbed. Supt. L. A. Williams of the city schools saying that stroke by volunteering a reduction of \$200 in his own salary if the board would leave the salaries of the grade teachers untouched. The board anticipates a further cut in the running expenses of the schools for the coming year by curtailing the incidental expenses. Last year the incidental expenses amounted to \$10,000. This year it will be reduced to \$7,500. In this way a saving of \$2,500 will be effected on the schools alone. Already the salaries of the city officials have been given a horizontal cut of 10 per cent.

#### TANNERS ON A STRIKE.

Five Hundred at Kenosha Quit Work in a Body This Week.

Kenosha, Wis., May 17—About 500 employees of the N. R. tannery struck yesterday for higher wages. Up to this time the men have been receiving \$7 a week, and as most of them have large families, they decided to ask for more pay. The company refused to give the increase, and the men quit work, leaving the plant almost idle.

#### VETERANS OF THE THIRTY-THIRD

Will Hold Their Next Reunion on the Old Camp Ground at Madison.

Capt. P. H. Swift, secretary of the Regimental association of the Thirty-third Wisconsin Infantry volunteers, announces a reunion to be held at the court room at Madison, June 8, 1898.

### WISCONSIN LEAF TOBACCO MARKET

#### FARMERS HAVE LITTLE OF LAST YEAR'S CROP LEFT.

A Few Sales During the Week to Eastern Dealers—Packers Have Nearly Finished Work for the Season—Excellent Prospects of the New Crop.

Edgerton, Wis., May 17—Scattering sales of tobacco by growers is about the only movement from first hands that are reported nowadays. Many of the packers are still busy in warehouse handling, but a week or more will about finish up the work of the season. J. R. Pomeroy purchased about 100 cases from growers for the account of an Eastern dealer, and F. S. Balnes 200 cases from Northern Dane county growers are the more recent transactions.

A little movement in old stock has developed: A Mansfield, O., manufacturer picked up nearly 1,000 cases of old and new stock while in the state. O. L. Cutton sold 250 cases, Conway Bros. 55 cases and E. C. Hopkins a 300-case lot in export comprise the movement in this market. A. Helmicks, a St. Louis leaf dealer, spent several days in the market during the week examining samples of local dealers.

The young plants have begun to show quite plentiful upon the plant beds and the advent of warm weather will bring them forward very rapidly now.

The shipments out of storage do not exceed 200 cases from this station to all points for the week. Since last report 870 cases of cigar leaf were exported from New York.

### BELOIT'S NEW MARSHAL

O. F. Macey Defeated For Re-election to the Office by E. E. Goss.

Beloit, May 17—[Special]—O. F. Macey, fire marshal, was defeated for re-election by E. E. Goss, a young ex-fireman. The fight against Macey has been on in the council for several years. Macey's record has been good, but political opposition has been against him.

### OCCUPY THE NEW DEPOT

Officers of the Northwestern Remove to Their New Quarters.

With as little ceremony as possible the Chicago & Northwestern railway company took possession of the new passenger station in this city yesterday morning, and it is now thrown open to the traveling public. After the early morning trains had pulled out of the city, Ticket Agent Potter commenced to remove all office fixtures from the old building into the new so that when the 11 o'clock passenger train was ready to leave, tickets for the first time were sold from the new station. The work of removing the old depot has commenced. Considerable work is yet to be done on the new depot as well as on the grounds. A description of the new building from roof to cellar has already appeared in the columns of The Gazette.

Lost or stolen near the depot in Beloit, April 28, a pocketbook belonging to Mrs. O. Whitney, said pocketbook containing about two dollars in money and two notes; one for \$275 and the other for \$5. All persons are warned against purchasing said notes.

## SPAIN IS ASKING AID

Piteously Begging for European Intervention.

DOUBTFUL REPORT GF DISASTER TO AN AMERICAN VESSEL.

New York, May 17—Special—A Paris cablegram to the Journal declares that Spain is imploring help from France, Germany and Russia, offering in return for assistance to surrender to the powers named all the territory in the Philippines except Manila and its immediate vicinity.

### Famine Confronts Havana.

Kingston, Jamaica, May 17—Special—The French warship Feuilleton has arrived from Havana. Passengers say Havana will be without food inside of a month, and that the stores will soon be stormed by the hungry people. Eggs are selling for fifteen cents each. There is no more fresh meat. The passengers heard secretly that Gomez had taken Santa Clara and Puerto Principe cities.

### More Volunteers to be Called Out.

Washington, May 17—Special—The president is seriously considering the wisdom of calling for more volunteers, and has practically decided to do so. The number may be as large as 200,000. The additional volunteers would probably be held as a reserve force to be used in Cuba, Porto Rico or the Philippines as soon as the necessity should arise.

### Insurgents to Storm Manila.

New York, May 17—Special—A cablegram to the Journal from Hong Kong says Consul Wildman has just returned from Knowlton Bay, where he took Aguinaldo, the Philippine insurgent chief, and his cabinet on board the dispatch boat McCulloch and arranged for the insurgent forces to storm Manila. A big fight is expected.

### Merritt's Insubordination.

Washington, May 17—Special—Gen. Merritt's refusal to lead the Philippine expedition unless he was given a larger regular force has caused a small sized row in army circles, but it is believed the matter will be smoothed over and Merritt's demands be acceded to.

### The Start Delayed.

San Francisco, May 17—Special—It was definitely stated this morning that the expedition to the Philippines would be unable to start before Monday, possibly later.

### Guarding the President.

Washington, May 17—Special—Extra precautions are being taken to ensure the president's safety. The White House guard has been doubled.

### ODD FELLOWS SETTLE UP

Pay Their Past Due Assessments to the Mutual Benefit Society.

Justice M. P. Richardson's office was a busy place today, there being many members of the defunct Wisconsin Odd Fellows' Mutual Life Insurance company on hand to pay up their back assessments. Those who settled their assessments today were among the sixty-five members who joined in suit against the company, and who have been waiting of late the outcome of a similar case in the supreme court. Among those who have settled in sums varying all the way from three to fifty dollars are: Mesdames—J. Stearns, Susan E. Smith, M. A. Brownell, Messrs.—S. B. Kenyon, Ezra Dillenback, J. G. Wray, Otto E. Smith, J. G. Carr, W. H. Oviatt, John J. Comstock, C. A. Potter, W. H. Blair, E. J. Outie, C. E. Bowles, H. O. Stearns, J. P. Wright, Edward Inman, I. O. Brownell, O. D. Child, O. B. Barnard, George Sykes, M. D. Taylor.

### BELOIT DRUNKS ARE HERE.

They Will Receive Free Board at the Jail for Some Time.

Two Beloit drunks are among the late arrivals at the Rock county jail. Wm. Campbell, whose face is familiar at the jail, is here again, and this time he is booked for twenty days. August Gramski is here for the same cause; his sentence covering a period of but five days.

### WAS AN ARTISTIC CONCERT.

Musical Literary Society's Entertainment at the Y. M. C. A.

The capacity of the Y. M. C. A. auditorium was taxed last evening, when the opening number of the Musical Literary Society's program was given. Fully four hundred people were there, and enjoyed one of the most charming numbers of the course. Home talent formed each and every part with the exception of the Milton String quartet, which proved in themselves a treat well worthy of mention. The program was a lengthy one and the greater part of those who took part were obliged to respond to encores.

### HOME ON A BUSINESS ERRAND

Lieut. Bloodel Reports Matters at Camp Harvey in statu quo.

Second Lieut. Frank Bloodel, of Co. A, arrived home yesterday from Camp Harvey and this morning returned. His errand home was merely on private business. In speaking of the boys in camp he reports that they all seem to be enjoying life, and that very little sickness prevails. In regard to the trouble between Captain Hanson and First Sergeant Zander he preferred to say nothing for publication.

Mrs. and Mrs. B. H. Billings, late of Fayetteville, Ark., have moved to Shoreland, where they will live with Mrs. Billings' mother, Mrs. P. M. Allen.

## OMAHA'S BIG SHOW OPENS NEXT MONTH

### EXPOSITION NEAR APPROACH TO WORLD'S FAIR.

Newspaper Men Were Astonished at the Magnitude of the Enterprise, and Delighted with the Treatment Accorded by C. & N. W. Railroad and Exposition Management.

How do you propose to spend your summer vacation?

Well, let us make a suggestion—attend the Trans-Mississippi and International Exposition at Omaha.

"The cost?"

A trifling sum in comparison with the pleasure and profit of the trip, as the railroads will make very low excursion rates.

On the first of June the Exposition at Omaha will be opened. The Gazette presents to the readers of this number a view of the grounds. Facing the plaza directly inside the main entrance is the fine arts building, 340 feet long and 130 feet wide. Here will be exhibited the statuary, paintings and all that pertains to the achievements of genius in the fine arts. The building is on the basis of the Corinthian style of architecture.

Many Handsome Buildings.

The Greek Ionic style of architecture characterizes the Mines and Mining building. In this building will be exhibited the ores, implements and features belonging to the mining industry of the country. The agriculture building will suggest the wealth and abundance derived from agriculture. The building will have a total floor space of 84,200 square feet, its outside dimensions being 148 by 400 feet. The Manufacturers building is a handsome structure of the Doric order and will present an aspect of stately repose. Of interest to every visitor will be the Machinery and Electric building. This structure is 304 feet long by 144 feet high. Since the World's fair many new inventions have been produced which will be displayed here. The Grand Canal will be the center of the main building, which will be arranged along either side of it. The canal is spanned by bridges, and around it runs a promenade of vine shaded columns.

Excel All Other Shows.

Visitors going by boat the length of the basin will pass all the main buildings—the United States government, agriculture, administration, arch, mines, machinery, art, auditorium, liberal arts and manufacturers buildings and the arch of the states. Approaching the eastern end the ground rises in terraces and is adorned with shrubbery and flowers mingled with pieces of sculpture, until it once in a great hemicycle stairway crowned by the clock or minaret on the viaduct. On either side of the esplanade beyond this are two chief restaurants, fanciful structures with irregular spires or minarets. At the extreme east end of the Canal Court are elec-

trics prove of immense benefit. From June to November inclusive, it will ever be a memory to cherish and nurture.

The Wisconsin Building.

The Wisconsin state building, in which the visitors were of course particularly interested, is yet in an incomplete state, but the workmen are rapidly pushing its construction and every effort will be made to have it ready by the opening day, June 1st. The building is a pleasing type of the classic style. The cost is estimated at about \$15,000. The funds for the building and for a general exhibit of the state's resources have been raised by subscriptions secured by an energetic association of manufacturers and merchants of the state. The building, of which a cut is here presented, was designed by Messrs. Ferry & Olar, architects, of Milwaukee.

Newspaper Men Surprised.

A delegation of Wisconsin newspaper men, who recently visited the city of Omaha as the guest of the C. & N. W. railroad and the exposition management, were agreeably surprised at the magnitude of the enterprise and the beauty of the grounds and buildings. The party left Chicago at 6:30 o'clock p. m. on the C. & N. W. "overland flyer"—one of the finest trains that runs on wheels. John L. Ferguson, the genial and accommodating assistant general passenger agent of the road, was in charge of the arrangements, and placed the palatial sleeper "Williston" at the disposal of the party. Council Bluffs was reached at 7:30 o'clock in the morning, and a special trolley car took the party to Omaha. Breakfast was served at the Delonno hotel, and the forenoon was spent in viewing the exposition grounds and buildings in charge of Major Clarkson, of the exposition management. In the afternoon a banquet was served at the Delonno, addresses being made by President Watters, of the Exposition company, Major Clarkson and others. At 6:45 o'clock p. m. the party left Omaha on the overland, reaching Chicago at 9:30 o'clock the next morning.

Give Splendid Service.

The newspaper men were all delighted with the treatment accorded them. The Chicago & Northwestern service between Chicago and Omaha is all that could be asked, and the officials and employees are thoughtful and accommodating. The time table is arranged so that the trip can be made either in daylight or at night, as the passenger elicits, and the solid vestibuled trains run without a jar. The dining car and sleeping car service is perfection.

A trip to the exposition over the Chicago & Northwestern route will be found to be one of the pleasant journeys of a lifetime.

The exposition will surpass any show of the kind yet given, with the exception of the World's Fair, and will be a nearer approach to that great enterprise than anything yet undertaken.

## NEWS FROM NEARBY NEIGHBORHOODS

### INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned by Gazette Reporters in the Garden Spot of Wisconsin — Religious and Social Notes.

Afton, May 17.—Owing to the inclement weather the Modern Woodmen held no meeting last Saturday evening, those present adjourning the regular meeting until next Saturday evening, at which time a full attendance of the members is desired, as plans for attending the big picnic at Rockford, June 2, will be considered and definite arrangements made. Agent Seales, of the C. & N. W. railway, says a fare of eighty cents for the round trip is assured and such a low rate should tempt a multitude to invade the Forest City from this section. A large audience listened to Pastor McOw's war sermon at the Baptist church last Sunday evening and applauded some of the speaker's patriotic utterances. The church was decorated with flags, while a large number in the congregation wore red, white and blue emblems. Mr. Mc-

## ARE AFTER THE HARVARD;

Signal Lights Flashed by Friends of Spain on the Island of Martinique—United States Consul Makes a Vigorous Protest.

St. Pierre, Island of Martinique, May 17.—The Spanish torpedo gunboat Terror, which has been undergoing repairs at Fort de France since she arrived with the Cape Verde fleet under command of Admiral Cervera, is still there with disabled boiler tubes and propeller, and no money to pay for the necessary repairs.

Nothing has been seen or heard of the Spanish fleet. It may be lying off the island or may have gone north. The torpedo boat destroyer Terror endeavored to coal from the Alcantara, but the authorities interfered and refused her permission.

The signal lights that have been seen on the neighboring hills the last few nights have been undoubtedly manipulated by friends of the Spanish, hoping to assist them to capture the United States cruiser Harvard. These have been the subject of vigorous protests by the United States consul, and have diminished somewhat, especially after the gendarmes scoured the mountain roads, but one flashed brightly last night.

There are reports that a Spanish man-of-war is lying in the Dominica channel to the northward of Martinique.

A French man-of-war, probably the Admiral Rigault de Genouilly, arrived yesterday afternoon from San Juan de Porto Rico. She was slightly damaged by flying shell fragments during the bombardment of the fortifications by Admiral Sampson. The people here are greatly excited over the war news and their warlike surroundings.

Curacao, May 17.—The Spanish squadron under Admiral Cervera, which left Sunday evening, after the cruisers Vizcaya and Infanta Maria Teresa had taken on about 700 tons of coal and a great quantity of provisions, has not been sighted. When the squadron disappeared it was going westward.

## SPAIN'S RESERVE FLEET.

Powerful Squadron Is Now on the Way to America.

London, May 17.—The Spanish reserve fleet left Cadiz on Friday, and is due at the Canaries tonight. It is expected to sail from there to the northern coasts of America. Admiral Cervera has been ordered to make a demonstration in the Caribbean sea in order to draw the American fleets thither and give the Cadiz fleet a chance to ravage the American coast. The government at Madrid has taken extraordinary precautions to keep the preparation of this fleet a secret, and it is only by accident that the sailing of the formidable squadron was learned here.

The Cadiz squadron includes the best ships of the Spanish navy. It is more powerful in armament than the Cape Verde fleet, although not so fast.

It includes the battleships Pelayo, the protected cruisers Carlos V. and Alfonso XIII., the torpedo boat destroyers Audaz and Proserpina, and the newly equipped cruisers Rapido and Patria.

The Pelayo is considered the best fighting ship in the Spanish navy. It has a speed of fourteen knots, carries 600 men, and has an armament of four heavy guns and a powerful secondary battery.

There is reason to believe that many new Krupp guns have been recently added to the armament of this squadron.

The government hoped to get the Cadiz fleet across the Atlantic before the fact became known to the United States, but the plan was discovered and reported.

The squadron is not a fast one. The Pelayo is credited with a speed of fourteen knots, but it is the fastest in the fleet. The destroyers, of course, could easily outstrip the big fighting ships, but must of necessity keep close by, and the slower boats will prevent anything like a swift passage to American waters.

## Cyclone Kills Thousands.

London, May 17.—A dispatch to the Standard from the Hague says: "According to a private telegram from India, a terrible cyclone has destroyed a great part of Bilma, a seaport town of the island of Sumbawa, Malay archipelago. The shores of Sumbawa bay are covered with the bodies of thousands of victims. The town of Kupang, island of Timor, escaped the force of the hurricane."

Prohibits the Delivery of Coal. St. Thomas, Danish West Indies, May 17.—An official announcement just issued by the governor prohibits the delivery of coal to warships of the belligerent powers without the previous permission of the governor, who will determine the amount each vessel may receive, and will supervise its delivery.

Spain Stops Telegrams. Liverpool, May 17.—The telegraph office at the island of Grand Canary, near the center of the Canary Islands, the chief city of which is Las Palmas, has been seized by the Spanish authorities. All telegrams except the barest commercial messages have been stopped.

Long Asks an Appropriation. Washington, May 17.—The secretary of the navy has prepared a deficiency estimate of over \$20,000,000 for ordnance, equipment, construction, etc., of the navy.

## To Protect the People of Wisconsin.

The legislature of this state, recognizing the danger from the use of alum as an ingredient in food, has passed a law requiring all baking powders containing alum to have plainly stated on each label the fact that such powder "contains alum."

This is a fair warning to protect all consumers from either being drugged or cheated without knowing it.

The highest authorities condemn alum in baking powder as unhealthful.

Let every housekeeper scan the label.

Some of the alum powder manufacturers who have been deceiving the public into the belief that their powders are pure and wholesome, are attempting to blind the unsuspecting purchaser and avoid the law by printing on their packages an advertisement which, sets forth the fact, "this powder contains alum," in a most obscure manner.

This is a double fraud, and should excite suspicion in the mind of every person.

Don't stop at the reading of this warning, but go down to the kitchen and look upon your can of powder and see if it contains alum; this is what the law is for.

If any grocer offers you a powder over his counter at a lower price than usual, see if it is marked "contains alum," as the law requires.

**NOTE.** This notice is published openly by the Royal Baking Powder Co., of New York.

This Company manufactures a pure cream of tartar powder, the "Royal" brand, which is beyond all question as to wholesomeness and strength; true, it costs a little more at first, but it goes farther in the end.

Cream of tartar comes from grapes, and costs to produce much more than alum, which is a mineral the British Government regards as a poison and the law there forbids the use of it in bread.

The Royal Baking Powder Co. feels justified in bringing this matter to the notice of consumers, for the reason that no honorable competition exists in the alum compounds, which are declared unwholesome.

The Royal powder costs only a fair price per pound, and is cheaper and better at its price than any similar article in the world.

## THE JANESVILLE GAZETTE

Entered at the postoffice at Janesville, Wis. as second class matter.

## MR. LA FOLLETTE'S MACHINE

The Gazette will support the nominees of all republican conventions, regardless of the fact that the nominees may or may not be the candidates of "machines," as after a nomination is made the whole issue becomes one of principles, and not men. The term "machine" is used to denote a ring of politicians who seek to "run things." As the people cannot act as a whole, but have to empower delegates to represent them, all conventions are "machines" in a certain sense of the word, and the fact that an alleged machine nominated a certain candidate cannot make any difference with a loyal party man or paper.

The Gazette has some opinions on the machine question, however, and is not in favor of machine dictation in the sense that half a dozen men can thwart the will of the people.

So far as The Gazette knows, there is no machine of that character in the republican party at present, but the promoters of such a ring are actively at work. The Gazette believes this movement to be a menace to the republican party, and wishes to sound a note of warning ere it is too late. The headquarters of this ring—or machine, more properly—are at Madison, and the chief mover in the scheme is a brilliant republican who has been highly honored by his party—Robert M. La Follette. This ring is said to be holding secret sessions, and the members are said to refuse to tell the people, through the reporters who ask for information, what is done at these mysterious gatherings.

While the members of the machine, apparently, do not think their business will stand the light of day, but must be done in secret, they devote their time to denouncing "the machine" yet the fact is well known that they are seeking to control the party in Wisconsin. The democratic papers—glad of any opportunity to make trouble for the republicans in these days when they have no issues to advocate themselves—make capital of the meetings, and say the "La Follette men" are attacking the "machine." It would not serve their ends to say that the "La Follette machine" was attacking so-and-so, although they well know that it should be "La Follette machine" instead of "La Follette men."

Mr. La Follette, as is well known, knows all about political machines, and is now seeking to organize one, with all modern improvements, and himself as the main cog, on the plea, that he is an "anti machine man."

Of course Mr. La Follette, the expert machine politician, is an anti machine man—unless he is the manager of the machine himself—that is human nature. The chief thing that bothers Mr. La Follette is the fact that his machine is not in power, and his anti machine patriotism will run riot until he achieves his end—to have his own machine grind all the political grists in Wisconsin.

Mr. La Follette is an able man, although his tactics in howling "down the machine" instead of "down with all machines but mine," which should be his battle cry, would seem to belie the fact.

If there is a machine in Wisconsin, Mr. La Follette is the manager thereof himself, and when the people want vengeance on the "machine," they will wreak it—on Mr. La Follette. If Mr. La Follette is working for the best interest of the party that has honored him, he will put his shoulder to the wheel, instead of seeking to cause a rupture.

The republicans have always been too lenient with the mugwumps and renegades. No such senseless hue and cry is ever raised in the democratic party. It is always united. True, many democrats refused to vote for Bryan but on the issue of the principles, not the man. The minute the republican party wins a victory, howlers rise up and seek to create dissensions. They keep up the warfare until they bring about a democratic victory. Then they subside and become peacemakers. The republican party, instead of casting these agitators out into the outer darkness where they belong, welcomes them back into the fold, or placates them with offices, thus placing a premium on party disloyalty.

hence the senseless clatter of the La Follette machine, as party disloyalty. The democratic managers realize that they have no hope of electing their ticket this fall unless they can disrupt the republican party. They therefore encourage the La Follette machine in its effort to cause trouble and dissensions. If Wisconsin is lost to the republicans this fall—the critical time when a party administration is conducting a war, and needs the support of all people in general, but of republicans in particular—these agitators will be responsible.

But the state will not be lost. Governor Scofield's administration has been spotless, and the people will refuse to discard a faithful and efficient official simply to advance the interests of the La Follette machine.

Perhaps, however, the machine does not seek gubernatorial game, but wants to elect a United States senator. If this is the case, the same argument applies—the party should honor some man who has honored and aided his party rather than some man whose tendencies run toward leading the party into the camp of the enemy.

The interests of the party will be best subserved by rebuking the La Follette machine, and thus discouraging all efforts to disrupt the party at a time when it should be marching on, shoulder to shoulder, to more glorious victories.

The Gazette has spoken plainly, in this article, because the situation demands plain talk. The great principles of the party are of more importance than the mouthings of men who are for party principles only after they have reached the crib.

Mr. La Follette's machine is now the only menace of the republican party, and the enduring principles of the organization that gave to the people Lincoln, Blaine and Garfield are of more consequence than the welfare of a little ring of politicians like the La Follette machine. Mr. La Follette made an excellent congressman, and is an able man, but he apparently seeks to forward his own interests by creating a disturbance in the ranks. Therefore he causes people to lose sight of his good works, and attracts attention only to his failings. Governor Scofield made an excellent officer, and bases his claims for a re-nomination only on his record.

Then which of these men should be honored by faithful republicans?

Mr. La Follette, the machine man, or Governor Scofield, the quiet business man who organizes no machines, does no blowing, and attends no secret conferences, but simply points to his record and says, "I stand on my merits."

The duty of the party is too plain to be mistaken. It should smother all movements tending to betray or weaken, and present a solid front to the enemy.

Then there has been another man who has been highly honored by the party who also seeks to open the split in the ranks that should be close—Ex-Governor W. D. Hoard. The able ex-governor is apparently the second cog in the La Follette machine. The republican party gave Mr. Hoard the high honor of filling the gubernatorial chair. Has he done more for the republican party than the party has done for him? Can he say that the republicans of the state owe him anything?

While fully recognizing the ability of the two men, The Gazette believes that Mr. La Follette and Mr. Hoard have had all the honor their party services entitle them to, and they are not increasing their chances for future political preferment by attacking the party from the rear, while the enemy assails it from the front.

The Madison Democrat says "Admiral Dewey took the first trick with a straight flush." Perhaps Admiral Dewey could work that scheme on the Spaniards, but he better not attempt anything of the kind when he gets home.

Devotee of Art and Beauty—No. Police Inspector Shasek, of Chicago, did not visit Janesville yesterday that we know of. The handsome policeman that you saw was probably Officer W. H. Appleby.

An opportunity is now offered to get a factory employing sixty-five hands, and the proposition should not be ignored without investigation. Janesville needs factories, and we should get all we can.

Now that the police have appeared in their new uniforms, even Admiral Dewey must take a back seat for at least a few days.

Curing a Wasp Sting. It does not appear to be generally known that in case of a sting by a wasp, if that wasp or any other wasp be at once caught, the sting cut off and the body of the wasp crushed and rubbed over the place stung, it affords not only instantaneous relief and freedom from pain, but any swelling is at once reduced. With bees, as they always leave their sting in the wound, it is necessary to do nothing more than crush and rub the bee on the wound. This is said to be a certain remedy in every case.

A Seal of White. Use white sealing wax for your wedding invitations and "after" cards. Colors, even the prettiest, are out of place. Women who do not care to use the black sealing wax, even if they are in mourning, choose the purest, silvery sticks to seal their correspondence. The silver wax takes an impression beautifully, and is free from the gloominess of the sable seal. Indeed, it is true in every instance that women of fine feeling do not care to go to extremes, and their good taste is shown in the temperance and moderation with which they follow the current fashions.

## END OF LIFE'S TROUBLED DREAM

DEATH OF ROBERT J. NOTT, AN  
EARLY SETTLER.

Mrs. Catherine O'Hara joins her husband, recently deceased—  
Demise of E. M. Johnson at Whitewater—Obsequies of Mrs. Margaret Bohan.

Robert J. Nott, of 107 Madison street, died suddenly last evening at the age of seventy-six years. He had been somewhat feeble for several years past, but during yesterday had spent some time about his garden, and was apparently better in health and spirits than for several weeks. While sitting in his parlor, his wife alone being present, he was prostrated by paralysis, and before medical aid could be summoned, he had breathed his last. The stroke was the third he had suffered during the past five years.

Deceased was a native of England. He emigrated with his parents to New York while quite young, the family settling in New York state. He was married there, and came to Wisconsin in 1845, settling in the town of Center. He retired from his farm there nine years ago and then came to Janesville, and has made his home here ever since. A widow and five children survive him. The latter are Mrs. Robert Strang, of Footville; Miss Ella Nott, of this city; W. T. Nott, of Irene, South Dakota; A. D. Nott and E. F. Nott, of this city.

The funeral will be held from the house at 1:30 o'clock Thursday afternoon, Rev. W. A. Hall officiating. The interment will be in the cemetery at Center.

Mrs. Catherine O'Hara.

But two weeks ago Daniel O'Hara, an old and highly respected citizen, departed this life. Last evening his widow, Catherine O'Hara, followed him to the better world. Ever since her husband's death Mrs. O'Hara had been ill. Her condition continued to grow worse from day to day in spite of the unremitting attention of her physician and friends, and the end came, not unexpectedly, about 11 o'clock last night. The cause of her death is given as heart failure, due to advanced age and grief. Her death was peaceful.

Mrs. O'Hara was a native of Killenny county, Ireland, where she was born seventy-five years ago. Over fifty years ago she was married in Ireland, and came to Wisconsin to reside at the time of the beginning of railroad construction in the west, making their home in Janesville. Mr. O'Hara was engaged in the work of building the first railroad in the state, that from Milwaukee to Waukegan. During their residence here they made many friends, who will miss them sorely—but will especially mourn for the kindly old lady whose heart was ever responsive to the cry of need. Four sons are doubly bereaved by the demise of Mrs. O'Hara, John D. O'Hara, foreman of The Gazette composing room; William O'Hara, of Menominee; Daniel A. O'Hara, of Milwaukee; and Thomas O'Hara, of this city. The funeral will take place from St. Mary's church at 9:00 o'clock on Thursday morning.

Mrs. James Bliss.

Mrs. James Bliss died this morning at 6:10 at her home in the town of Rock. She was fifty-three years of age. Born in England, Mrs. Bliss came to this country when three years of age and settled in the town of Porter. Besides a husband four children survive her, Philip R., of Oregon; Orville, of Chicago; Jay H., of Oregon; and Alice O., of the town of Rock. She also left three brothers, Thomas Gleave, of Evansville; James Gleave, of Virginia; and Phillip Gleave of Oregon.

Mrs. Bliss was a member of W. H. Sargent Post No. 2, U. of this city. She was a woman of quick sympathy, and many deeds of kindness endeared her to those with whom she came in contact.

Funeral arrangements will be announced later.

E. M. Johnson.

E. M. Johnson, of Whitewater, died this morning at 1 o'clock. Mr. Johnson formerly lived in Beloit, and was very well known in this city. He had always been an active worker for the Republican party in local politics. Besides his wife, who is a sister of W. R. Keep, the attorney for the C. & N. W. Ry. in Chicago, he leaves two children, a boy about six years of age, and a girl about 15 years old. Mr. Johnson has resided in Whitewater about 15 years. He was not engaged in any active business.

Mrs. Margaret Bohan.

Rev. E. M. McGlavin conducted services at 9 o'clock this morning from St. Patrick's church over the remains of the late Mrs. Margaret Bohan, the interment being in Mount Olivet cemetery. The pall bearers were Patrick Collins, Patrick Lillis, John Hemmings, Patrick Collins, James McGooly and Patrick McGooly.

## GAZETTE WAR NEWS LEADS ALL THE REST

TELEGRAPHIC SERVICE GIVES  
LATEST INTELLIGENCE.

Superior Facilities Enables It to Furnish News From the Front Hours Later Than the Chicago Evening Newspapers. Further Improvements in Progress.

War has made Janesville a news center for a considerable part of southern Wisconsin. The Daily Gazette is in strong demand throughout Rock, Watertown, Green and LaFayette counties, and for the last week the demand has reached out into Iowa county. An agency has been established in Mineral Point, and the paper will be delivered regularly to subscribers on the arrival of the 7:30 train.

In all Green county points reached by the evening C. M. & St. P. train, Gazette agents are doing a thriving business. Readers have come to understand that Gazette telegrams are three hours later than the telegrams published in the early edition of Chicago and Milwaukee papers circulated here, and the Gazette subscription list grows accordingly.

There has been a heavy tax on the Gazette press room, however, on account of this increasing demand, and several nights the papers have been late in reaching local subscribers. Efforts will be made to correct this state of affairs at once. The fact that the most important war news of the day is often received in the last sheet of telegraph copy at 4:30 and 4:45, makes it difficult to insure prompt delivery.

The Gazette now publishes the full northwestern report of the Scripps-McRae Press association, the strongest evening telegraph news combination in the country, and its readers may expect to receive the news promptly and with due attention to detail and reliability.

LaFayette County Volunteers Worry of the Life of a Soldier.

Fifteen soldier boys who reside in LaFayette county were in the city for a brief stay last evening on their way home from Camp Harvey, Milwaukee. They were all tired of army life and thought now was the time to go home before they were mustered into the regular service. "The board and lodgings are all right," said one of the boys, "but the life that one leads from day to day is not all sunshine. We had to do considerable work for little pay."

Charles Ward is Not in Love With a Soldier's Life.

Charles Ward, of this city, who has been a member of Co. A at Camp Harvey has returned home to stay. Mr. Ward says all there is to it is that he was not particularly in love with army life and he thought that now was the time to come home before he was mustered into regular service.

Nell Lewis, Frank Hall and Edwin Butterfield, three members of Co. A were home to spend Sunday and returned to Camp Harvey yesterday morning.

Henry and Albert Miller, of Akron, Ohio, who have been in the city looking for a suitable location for the starting of a cereal mill, have returned home, and will lay the result of their investigation before members of their company. They expressed themselves as being well satisfied with Janesville as a location, but stated that they found it hard to secure water power privileges here. Whether or not they will locate here will be known within the next few days.

James Ryan Did Not Like the Justice Meted Out There.

A jury of five in Justice Smith's court at Edgerton found James Ryan, the former Janesville saloon keeper, guilty of assault, and a fine of \$5 and costs was imposed.

Mr. Ryan was not satisfied with this result, claiming that he was not given a fair and impartial trial, and immediately took an appeal to the municipal court in this city. The case will probably be tried by a jury before Judge M. M. Phelps.

Art in the Netherlands.

Mrs. W. S. Bosworth will lecture under the auspices of the Janesville Art League on "Philosophy of the Art of the Netherlands," at the home of Miss Etta Capelle, 155 S. High street, Friday afternoon, May 20, at 2:30 o'clock. An exhibition of 150 reproductions of the works of the Dutch and Flemish Old Masters will be held in connection with the lecture. Admission to those not members of the league 25 cents.

Poisons for Wisconsin People.

Washington, May 17—Poisons granted persons residing in Wisconsin: Original—Michael Gross, National home, Milwaukee, 88; Martin V. B. Hopeman, Needham, 80; Belssau and Inouane—Special May 7, (special account)—Bernard Dunn, La Crosse, \$10 to \$24.

Ancient Keys of Metal.

Keys of bronze and iron have been found in Greece and Italy dating from at least the seventh century before Christ.

## SETTLED FOR THE ACCIDENT

Chicago & Northwestern and Pays Mortuary Chapin \$10,000.

Frank Chapin, the motorman on the Milton avenue line, has received a settlement from the Chicago & Northwestern railroad company for injuries he received at the Academy street railroad crossing on the 8th of last August. His car, partly filled with passengers was run into and demolished by a passing freight train, and Motorman Chapin was so badly injured that he remained in bed for nearly three months. Through his attorneys, Whitehead & Matheson, a settlement was brought about, and it is said that in the neighborhood of \$1,400 was paid by the company to let the matter drop.

## GONE TO THE CAPITOL CITY

Janesville Delegation Will Enjoy the Musical Festival There.

A small sized delegation from this city left on the morning train for Madison, where this afternoon they will attend a musical event of no little importance. The program was given by visiting artists at the Armory, and included selections for the voice, piano, harp and orchestra.

Mme Gaski, who sings, is considered by many superior to Calve, and is a great soprano. Among those who went from here were: Mr. and Mrs. J. F. Sweeney, Mrs. W. T. Shaver, Miss Clara Anderson and Prof. Taylor.

## PLEASED WITH THE NEW DEPOT

Northwestern Officials Inspect the Building and Pronounce It Good.

Prominent officials of the Chicago & Northwestern railroad were in the city this morning to make an inspection of the new passenger station. Division superintendent T. A. Lawson came up from Chicago, and was much pleased with the structure from top to bottom. Assistant Superintendent Gardner was also here to give his opinion in regard to the new edifice. Both Mr. Lawson and Mr. Gardner were of the opinion that the new building was a complete improvement on the old one.

## NEWS FROM OUR NEIGHBORS.

Continued From Page 2.

at Chippewa Falls, May 24 to 27 inclusive. Mr. and Mrs. Paul Young are moving into Geo. Roe's tenant house, and Mr. Young will work for Mr. Paynter. Joseph Ely will leave this week to visit his children at Wadena, Minn. Miss Kittie Walker spent Sunday at the home of her parents. Rev. G. W. Chambers, of Milton, delivered an entertaining illustrated lecture on "The Explosion of the Maine," Wednesday evening.

## Porter.

Porter, May 17—Ernest Starks spent Friday afternoon in Albion, assisting the college boys defeat the Stoughton base ball nine. Mrs. M. Ford was called to her parental home in the town of Janesville, owing to the recent death of her father, M. Flanagan. Mr. Handke is treating his residence to a coat of paint, which adds much to its general appearance. Gibbs Lake is getting to be quite a summer resort. Four fine boats sail on its placid waters this season. Miss Abbie McCarthy has a new wheel. Mrs. S. Watson, of Janesville, spent last week here. George Lynn began his season's work assessing, Monday morning. Vegetation is looking fine in this locality, owing to the recent refreshing rain. Nearly all the grain is planted in this vicinity. A number of the children (?) are devoting their evenings to hanging May baskets, and apparently enjoy the sport.

## Magnolia.

Magnolia, May 17—Frank Clifford is falling. He can not take nourishment, and his friends fear he can live but a short time. Died at her home in Magnolia, May 14, of spinal trouble, Mrs. Thaddeus York. She leaves a husband and six children to mourn her loss. David Andrew is quite sick with grip. Bert Hankerford is on the sick list. Nito Brown is at home. He was rejected when examined at Milwaukee. He said he could kill by endurance many who were accepted. Mr. and Mrs. P. Torpey, of Center, were callers here Sunday. Memorial day exercises will be held at the Advent church, May 30, at 10 o'clock p. m. Alice and Edna Clifford are having vacations this week on account of the serious illness of their father. Charles Weaver had the misfortune to lose a good cow last week.

## Clinton.

Clinton, Wis., May 18—A fine rain Saturday night, which makes everything fresh and in a growing condition. The fruit trees are loaded with blossoms, and the prospects are there will be plenty of fruit this season. The Y. M. C. A. meeting on Sunday last was led by Ed Shattuck. It was very instructive and fairly well attended. A flag was raised by the G. A. R. Sunday afternoon in the Methodist church yard, and Rev. Mr. Leck preached an appropriate sermon in the evening. Will Pye left Monday noon for Evanston, Ill., where he will be permanently located. He will be greatly missed by all. A fine bible was presented to him by his friends as a token of esteem.

## Barkens Corners.

## LIVES LOST IN A FIRE.

Materia St. Joseph at St. Hyacinthe, in Quebec, destroyed by flames.  
St. Hyacinthe, Que., May 17.—A disastrous fire here burned the Materia St. Joseph, causing the loss of seven lives and the injury of a number of inmates, of whom there were 200 in the institution, by jumping from windows. There are also five persons unaccounted for. The cause of the fire is unknown. The dead are:

TWO BOYS NAMED BEAUCHE-MEN.

SISTERS ALEXANDRINA, PHILOMENA and DES AGNES.

MRS. GUARTIN, a boarder.

MRS. DR. CRAGNON, of Fall River, Mass.

The missing are:

Marla Milotte, a servant.

Nefette Meunle, a servant.

Mrs. Berthelme, a boarder.

Sisters Duvier and Ange.

## Nerve Training.

The question of the susceptibility of the nervous system for training has recently been discussed. It is believed that nerves can be cultivated. According to the most comprehensive opinion, a great deal depends on the owner of the nerves. It is possible to train certain classes and conditions, while others are hopelessly unsuceptible. The will of the individual, the pliability, or rather the impressionability, has everything to do with successful nerve training. As a matter of fact, the desire to be trained must be present first of all. It comes from within, and, prompted by the desire of the individual, a course of training may bring about the happiest results. Training nerves against the will of the patient reminds one of the old adage of convincing a man against his will—"He is of the same opinion still."

The Great Exposition at Omaha—Low Excursion Rates

The Trans-Mississippi Exposition at Omaha opens June 1, and closes November 1. For the opening day the Chicago, Milwaukee & St. Paul Railway will sell round trip excursion tickets at half fare on May 31, good for return until and including June 6. Aside from above rate and date ordinary excursion tickets at a fare and a third for the round trip and good for 30 days will be on sale from June 1 to October 30 1898. Special rates for military companies and for bands carrying their instruments.

No Chance for Hawaiian Bill.

Washington, May 17.—"There is not the slightest probable chance for the house joint resolution to annex Hawaiian Islands to pass congress at this session," said Senator White. While it is barely possible that the resolution could be passed in the house there is absolutely no show for it in the senate. Senator White says his resolution declaring the Hawaiian Islands to be independent and free and to regard any encroachment by a foreign power as an unfriendly act and hostile to the United States will serve all the interests of this country.

"I would not be without Chamberlain's Remedy for its weight in gold," writes D. J. Jones, of Holland, Va. "My wife was troubled with a cough for nearly two years. I tried various patent medicines, besides numerous prescriptions from physicians, all of which did no good. I was at last persuaded to try a bottle of Chamberlain's Cough Remedy, which promptly relieved the cough. The second bottle effected a complete cure." The 25 and 50 cent bottles are for sale by People's Drug Co., corner Main and Milwaukee streets.

Dr. Gottlieb Kellner Dead.  
Philadelphia, Pa., May 17.—Dr. Gottlieb Kellner, editor-in-chief of the Philadelphia German Demokrat, died suddenly last night, at his home in this city.

Italian Censorship Raised.  
New York May 17.—The Commercial cable company is advised that code messages for Italy are now accepted.

Mr. John Paterson, of Patonville, La., was very agreeably surprised not one go. For eighteen months he had been troubled with dysentery and had tried three of the best doctors of New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chas. Berlin's Colic, Cholera and Diarrhoea Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. McNamara, a well known merchant of the same place, is well acquainted with Mr. Paterson and attests to the truth of the statement. This remedy is for sale by People's Drug Company, corner of Main and Market streets.
